IAM/Boeing 2024 Strike Authorization Vote

INFORMATION

This is a standard process and IAM constitution requirement within the IAM and simply authorizes our bargaining committee to call for a strike vote if circumstances warrant. For a strike to happen, Union Members must vote in favor of going on strike, in an additional vote (around September 12th). While this strike authorization vote does not mean a strike will definitely happen, it is a showing of solidarity and strength in our negotiation process that says we will call for a strike vote if necessary. Please make every effort to participate in this very important action, and remind our employer of the value of the work we do!

Location: Portland EXPO Center
